

KASRA MOLAEI

Vancouver, BC | 604-712-1568 | kasra_molaei@sfu.ca | linkedin.com/in/kasra-molaei | github.com/kaasramol

PROFILE

- BSc Interactive Arts & Technology student at SFU with a background in Computer Engineering, combining technical and creative skills to build user-centred digital products.
- Experienced in UX/UI design, graphic design, and front-end development using Figma, Adobe Creative Suite, HTML, CSS, and JavaScript.
- Proven ability to manage client projects independently, communicate across teams, and deliver design and marketing work on deadline.
- Bilingual in English and Persian; Google UX Design certified; actively seeking a Software/Tech or UX co-op opportunity.

TECHNICAL SKILLS

- Python, C, HTML, CSS, JavaScript
- Figma, Adobe Photoshop, Adobe Illustrator, Adobe InDesign
- UX Research, Digital Marketing, Content Creation, Graphic Design
- English (Native), Persian/Farsi (Native)

WORK EXPERIENCE

Technology Specialist

Jan. 2024 – Present

London Drugs | Vancouver, BC

- Translated complex technical specifications into clear, personalized product recommendations by drawing on up-to-date knowledge across computers, TVs, and consumer electronics, resulting in increased customer satisfaction and repeat business.
- Improved service consistency by proactively sharing product knowledge and communicating category updates with teammates, reducing customer misinformation at point-of-sale.
- Resolved escalated customer concerns and troubleshooted technical issues using structured problem-solving, reducing friction during sales interactions and improving overall service quality.

Freelance Designer & Marketing Manager

Jul. 2022 – Present

Self-Employed | Vancouver, BC

- Developed brand identity assets, promotional materials, and social media content packages for clubs and small businesses using Figma and Adobe Creative Suite, strengthening client brand presence across digital and print channels.
- Managed all client communications and project timelines independently by prioritizing competing deadlines, ensuring on-time delivery across multiple concurrent engagements.
- Increased audience engagement for clients by creating targeted digital marketing campaigns tailored to each platform, driving measurable growth in reach and interaction.

PROJECTS

Personal Portfolio Website

Jan. 2024 – Present

Self-Directed | Vancouver, BC

- Designed and developed a personal portfolio using HTML, CSS, and JavaScript to centralize and showcase UX/UI and front-end development work, improving professional visibility for co-op applications.
- Applied UX design principles from the Google UX Design certification to architect an intuitive information hierarchy and accessible user experience, reducing cognitive load for visitors.

Graphic Design & Marketing Campaigns

Jul. 2022 – Present

Freelance | Vancouver, BC

- Produced logos, event posters, and social media content packages for multiple clients using Adobe Creative Suite and Figma, delivering brand-consistent visual assets that directly supported client marketing goals.
- Managed end-to-end campaign execution for concurrent clients by coordinating timelines and iterating on creative briefs, ensuring on-time delivery and measurable audience engagement.

Computer Engineering Coursework Projects

Sep. 2020 – Jan. 2023

Amirkabir University of Technology | Tehran, Iran

- Developed algorithmic solutions and data-processing programs in Python and C, applying software engineering fundamentals to produce well-structured, testable code.

VOLUNTEER EXPERIENCE**Volunteer Staff**

Aug. 2024

TekTalk Community | Vancouver, BC

- Coordinated staff workload distribution and managed guest check-in operations at a technology-focused community event, streamlining flow for hundreds of attendees and reducing wait times at entry.
- Communicated across teams in real time to resolve on-site logistics issues, ensuring a smooth and well-organized event experience.

Volunteer

Aug. 2024

INNOVATE Decentral | Vancouver, BC

- Supported operations at a science and technology conference by coordinating guest management and assisting staff across multiple event areas, contributing to a professional and accessible attendee experience.

Volunteer

Nov. 2024

Evolve VanCity | Vancouver, BC

- Contributed to event logistics and enhanced the guest experience at a Vancouver tech community event by supporting front-of-house operations under the direction of event leadership.

EDUCATION**BSc Interactive Arts & Technology (Joint with Business)**

Jan. 2024 – Sep. 2029

Simon Fraser University | Burnaby, BC

- Specialization in Creative Design and Creative Content Creation
- Member of SFU Beedie Co-op Program

Computer Engineering

Sep. 2020 – Jan. 2023

Amirkabir University of Technology | Tehran, Iran

- Completed foundational coursework in Python, C, and core computer science before transferring to SFU

CERTIFICATIONS**Foundations of User Experience (UX) Design**

Jan. 2026

*Google / Coursera — Credential ID: LGO4R55PXJIX***INTERESTS**

Designing and self-critiquing UI concepts inspired by current apps — regularly documenting redesign ideas in Figma as a personal practice.

Training at the gym 4x per week with a focus on progressive overload — currently working toward a 100 kg bench press. Exploring Persian and international typography, studying how script and letterform traditions influence modern digital design.
